Ameristar™
HEATING & COOLING

HEATING AND COOLING SYSTEMS THAT FIT COMFORTABLY WITHIN YOUR BUDGET.

AFFORDABLE SOLUTIONS FROM AMERISTAR.

We know that heating and cooling systems can be a major investment for homeowners. Our goal is to provide complete and affordable systems that will deliver the comfort you want at the price you need.

Air Conditioners and Heat Pumps

Ameristar air conditioners provide the cool air your household needs while our heat pumps work to deliver pleasant air temperatures year-round, all at an ideal combination of capability and affordability.

Air Handlers

Depending on your home's geographic location, the Ameristar air handler is an affordable heating and cooling solution that works with your air conditioner or heat pump to effectively circulate heated or cooled air throughout your home.

Packaged Units

Highly efficient Ameristar packaged units operate quietly and consistently to provide affordable heating or cooling for your family throughout the year, with models to fit a variety of homes.

Furnaces

Built with value in mind, Ameristar furnaces warm your home with gas heat during the winter and circulate cooled air in the summer, keeping you comfortable year-round.

Single and Multi-zone Ductless Systems

Ductless systems offer the ideal combination of flexibility and affordability when replacing existing HVAC equipment or creating supplemental zones within a living space.

Indoor Air Coils

Attached to your furnace, your coil works with your outdoor unit to provide more comfortable and conditioned air.

HEATING & COOLING

AMERISTAR WARRANTIES

Registered Limited Warranty terms are applicable if the products are registered within 60 days of installation. Products can be registered online at ameristarac.com or by phone at 866-554-5611, otherwise Ameristar's Base Limited Warranty terms will apply. Base Limited Warranty terms can be found online at ameristarac.com.

Warranties are for residential use only; some restrictions may apply. Ask your installer for full warranty information at the time of purchase.

- 5-Year Base Limited Parts Warranty
- 10-Year Registered Limited Parts Warranty

GET THE AFFORDABLE HEATING AND COOLING YOU NEED.

Ameristar products give you the ability to assemble an entire system or purchase a single component with great affordability. The following pages will provide you with the information needed to find the right component or system for your home.

EFFECTIVE AIR CONDITIONERS AND HEAT PUMPS AT AN AFFORDABLE PRICE.

Ameristar air conditioners and heat pumps can help meet your heating and cooling needs while staying within your budget. Our air conditioning units are equipped with essential features to cool your home quietly and effectively in warm weather, while our heat pumps can remove heat when it's warm and add heat when it's cool. Your heating and cooling contractor can help you decide which Ameristar component is right for your home.

SPEND LESS THAN YOU EXPECTED, WITHOUT SETTLING FOR LESS THAN YOU NEED.

- Ameristar units achieve efficiency ratings in excess of 14 SEER.
- Our painted, galvanized steel cabinets resist rust and stand up to weather, helping to maintain the life of your unit.
- The compact design and small footprint required are ideal for homeowners with limited yard space.
- Ameristar air conditioner units come with a scroll compressor, perfect for property owners most concerned with quiet operation.
- Ameristar air conditioners and heat pumps operate quietly, with a maximum sound level of 76 decibels.
- Ameristar units cool with R-410A refrigerant.

SEER stands for seasonal energy efficiency ratio, which measures how efficiently an air conditioner or heat pump can cool your home in the summer. The higher the SEER, the less energy you'll use to maintain pleasant temperatures.

THE FEATURES YOU NEED AT A PRICE YOU CAN AFFORD.

Compact and quiet, with the power and features you need, Ameristar air conditioners and heat pumps are value-priced to fit your budget.

PACKAGED UNIT SYSTEMS: RELIABLE PERFORMANCE AND OUTSTANDING VALUE.

Ameristar™ HEATING & COOLING

Ameristar packaged unit systems deliver quiet, consistent heating and cooling for your home at an affordable price. Built to last and designed for year-round efficiency, they'll keep you cool in the heat of summer and warm on wintry days. Ask your heating and cooling installer to help you select the right model for your home.

CONSISTENT HEATING AND COOLING AT A VERY COMFORTABLE PRICE.

- Ameristar units achieve efficiencies up to 14 SEER (R-410A) for both heat pump and gas/electric packaged units.
- Our architecturally compatible, anti-rust steel cabinets endure a 500-hour salt spray test and will stand the test of time and weather.
- Internal safeguards protect compressors against high pressure, low pressure, coil temperature and power surge (heat pump only).
- Ameristar packaged units feature high efficiency compressors that operate smoothly, quietly, and consistently.
- Over/Under Heat Pump Packaged Units have a convenient over/under "stacked" supply and return configuration as well as a small footprint for easy replacement.
- Packaged units are ARI Certified and ETL Listed, and are available in 2, 2.5, 3, 3.5, 4, and 5 ton models.
- If desired, auxiliary heaters are also available in 8kw – 20kw.

RELIABILITY YOU CAN BANK ON WITHOUT BREAKING YOUR BUDGET.

Month after month, year after year, Ameristar packaged units deliver high efficiency and exceptional value in home heating and cooling.

WITH AMERISTAR FURNACES, THE VALUE IS BUILT IN.

Designed with value in mind, your Ameristar furnace uses natural gas or propane to keep your home warm during the winter and circulates cooled air to every room in the summer, keeping you comfortable year-round.

AFFORDABLE HOME HEATING IS AT THE HEART OF YOUR SYSTEM.

- Choose between 80% or 95%+ AFUE (annual fuel utilization efficiency) rated furnaces.
- 80% AFUE furnaces are available in single stage. 95% AFUE furnaces are available in single and two stage for the level of comfort and efficiency you require.
- Our 80% and 95% furnaces feature aluminized steel heat exchangers to conduct heat quickly and increase durability.
- Our 95% two stage variable speed furnace provides better temperature control and quieter operation for improved comfort while meeting EnergyStar requirements.
- All furnaces are fully convertible to work with either natural gas or propane, making them suitable for use in any area.
- Ameristar furnace cabinets are constructed of corrosion-resistant galvanized steel.
- Our furnaces are built for flexibility to suit varied installation situations.

AFUE stands for annual fuel utilization efficiency, which measures a furnace's heating efficiency. The higher the percentage of AFUE, the less energy you'll use to maintain pleasant temperatures.

Ameristar's variable speed indoor systems maintain constant and consistent airflow that improves comfort and efficiency in your home.

THE ESSENTIAL FEATURES YOU WANT FOR PRICE YOU NEED.

When you get all the features you need in a furnace for less than you expected to pay, you're getting real value. You're getting an affordable solution from Ameristar.

HOT OR COLD, OUR AIR HANDLERS CAN DELIVER YEAR-ROUND.

Ameristar™ HEATING & COOLING

Your air handler works year-round, conditioning and circulating the air in your home as a key component in your heating, ventilating, and air-conditioning system. Ameristar air handlers offer the flexibility to fit almost any configuration and the value to suit every budget.

A HARD-WORKING AIR HANDLER WITH A HOST OF IMPORTANT FEATURES.

- Ameristar air handlers are adaptable to both 13 and 14 SEER (Seasonal Energy Efficiency Ratio) models.
- Our painted, galvanized steel cabinets are rust-resistant allowing our air handlers to hold up well over time.
- Ameristar air handlers' multiple airflow design, allows them to be converted to easily fit the space you have available in your home.
- Ameristar upflow only models can be used in various applications: Wall mount, stud mount, over the water heater.
- Fully insulated construction minimizes indoor noise levels, helping maintain your homes quiet atmosphere.
- Ameristar air handlers feature a 3-speed fan. This allows for high, medium or low levels of warm or cool air delivery, enhancing your overall home comfort.
- Our removable front panel allows easy access for service technicians making service calls more efficient.

THE FEATURES THAT MAKE IT FLEXIBLE KEEP IT AFFORDABLE.

By offering multiple installation configurations, Ameristar air handlers minimize the need for expensive customization or adaptation. You get a proper fit at an affordable price.

COMPLETE YOUR SYSTEM WITH AN AMERISTAR INDOOR COIL.

Affordable Ameristar indoor coils deliver the effective heat exchange that keeps your home comfortable.

- Ameristar's flexible indoor coils can be adapted to both 13 and 14 SEER models.
- Our indoor coil can be set up in multiple positions, horizontally or vertically, so it is sure to work with the space provided in your home.
- Foil-faced thermal insulation makes cleaning simple and helps reduce service time.

COST-EFFECTIVE SOLUTIONS FOR SINGLE-ZONE AND MULTI-ZONE APPLICATIONS

Whether mounted on a wall or in the ceiling, these units offer quiet, high-efficiency comfort with no ductwork.

- Available installations in all regions (15, 18 & 20-22 SEER).
- 15 SEER single-zone ductless systems with 9000, 12000, 18000, and 24000 BTUH models available.
- 15 SEER multi-zone can connect up to five indoor units for the level of comfort and efficiency you require.
- 9000, 12000, 18000, and 24000 BTUH high wall mounted indoor models available.
- 18 SEER Single-Zone Low Ambient with 9000, 12000, 18000, and 24000 BTUH models available.
- Matched Ameristar ductless products have cooling capabilities at outdoor ambient temperatures as low as 0°F and heating capabilities at outdoor ambient temperatures as low as -13°F.
- 22 SEER 115 Volt Single-Zone with 9000, 12000, 18000, and 24000 BTUH models available.
- Quiet operation, convenient handheld remote control, durable Blue Fin Coastal coating and AHRI Certified Systems make the Ameristar units the right choice.
