Extended Warranty Protection for Air Conditioning, Heating, and Water Heaters

Protect your investment and your peace of mind with the OnPoint Comfort Protection Program!

Extended Warranty Protection for your home!

The Comfort Protection Program from OnPoint Warranty Solutions offers homeowners extended warranty protection, guaranteeing your peace of mind. When air conditioning, heating and water heating equipment fail, Comfort Protection shields your investment and your budget from the unexpected repair costs!

Insurance Backed, Administered by Service Experts

The Comfort Protection Program is underwritten by a licensed regulated insurance company. Comfort Protection from OnPoint delivers protection you can count on!

The OnPoint service team, has 65+ years of experience developing and managing product repair networks. We work with HVAC manufacturers, dealers, and our repair network to deliver the best homeowner service experience in the industry. You can trust Onpoint to facilitate getting your products back up and running quickly and safely.

With OnPoint Warranty's Comfort Protection Plan, homeowners can:

- ✓ Protect your Air Conditioning, Heating, and Water Heaters with an insurance-backed extended warranty!
- ✓ Cover any brand through our program! If a manufacturer makes it, we can cover it!
- ✓ Protect your budget for years to come with affordable fixed price plans and \$0 deductibles!
- ✓ Work with people you know! Your selling dealer can service your equipment. And, if for some reason they cannot, OnPoint's vetted contractor network is standing by to assist!
- ✓ Provide potential homebuyers with peace of mind. Comfort Protection is transferable!

Do you need an extended warranty on your HVAC products? Yes!

According to HomeGuide.com, the following parts could cost a lot of out of pocket to repair!

Extended warranties save your wallet from unexpected repairs.

Part Average	Replacement Cost
Evaporator Coil	\$675 to \$1,300
AC Compressor	\$1,000 to \$2,500
Air Handler	\$500 to \$3,500

The Comfort Protection Program writes the check for you!

OnPoint offers protection plans for as long as 12 years on certain system types. OnPoint can tailor the plan to your specific needs with labor only and parts only options. These options often cost less than one out of pocket repair!

Trust OnPoint to protect your family from the inconvenience and cost of HVAC repair!

Purchasing a warranty is easy!

Simply work with your dealer to select the plan which best fits your needs.

What do I do if I need service?

Contact your dealer! Your dealer will repair your equipment and send OnPoint the invoice.

What do I do if my dealer is not available?

You can contact OnPoint's service team directly, at 844-518-2040, or you can go online at <https://onpointwrnty.io/3MLiYXj>. We will dispatch a service company from our vetted, contracted network to repair your equipment! Remember you must maintain your equipment according to the manufacturer's standards.

PROTECT YOURSELF FROM UNEXPECTED REPAIR COSTS!

The cost to repair HVAC products is far more than the cost of an Extended Warranty!

Coverage Includes:

- ✓ Affordable pricing
- ✓ \$0 deductibles
- ✓ Easy to understand coverage
- ✓ Repair or replacement as defined by your plan
- ✓ Plans for all system types of residential HVAC. Tailored plans include protection on a single piece of equipment ranging to the whole system. These system types include AC split systems, HP split systems, packaged systems, dual fuel systems, zoned systems, ductless/mini split systems, geothermal, and water heaters.
- ✓ Terms from 1 to 12 years depending on the plan and coverage
- ✓ Easy transfer to new home buyers
