

Air Handlers

WH1T

High Efficiency Air Handler

The WeatherKing® Residential Air Handler Line gives you a higher level of comfort while keeping your utility bills low.

- **Quiet and Efficient**

The WH1T Air handler is designed with a sturdy steel cabinet with one inch of foil-faced insulation, offering excellent thermal and sound insulation, which means you get quiet and efficient comfort.

- **Humidity Control**

The WH1T Air Handler adjusts airflow in the home to help control humidity. Airflow can be set for specific needs so your home feels just the way you want it.

- **Performance**

The new lanced fin design provides maximum performance and increased efficiency. The high grade condensate drain pan keeps the unit operating smoothly and the corrosion-resistant aluminum endplates keep the unit looking as good as it runs.

**Motor:
Constant Torque (ECM)
Single-Stage Air Flow**

**Efficiency:
Up to 14 SEER**
